

## Dyson trade-in offer available between 10/2/2016 and 8/3/2016

[www.argos.co.uk/dyson-trade-in](http://www.argos.co.uk/dyson-trade-in)

### Terms and conditions of the offer:

- Customers are entitled to purchase a new Dyson vacuum cleaner or fan/heater from our current range of products and trade in an old vacuum cleaner or fan/heater.
- Product can be purchased at the discounted price before trading in an old product, customers can return their old product to an Argos store to be recycled or take to their local recycling centre at their convenience.
- Customers returning products to Argos for recycling must do so within 1 month of the purchase of their new products and show receipt as proof of purchase during this offer.
- If the Dyson product purchased is returned for any reason, only the discounted price paid will be refunded. No value is given to any product traded-in at Argos or disposed of by any other route.
- We can accept as trade-in for a new Dyson vacuum, fan or heater any used vacuum (upright, cylinder, carpet cleaner, handheld or cordless), fan or heater.
- There is no need for Argos to check whether your vacuum is in working order or not as we will accept the trade-in no matter the condition of the vacuum.
- The trade-in value quoted on the web-site or on promotional material is an indication but may change over time.
- Argos reserves the right to alter or amend the value of the discount offered as a trade-in value. We reserve the right to stop accepting certain vacuums for trade-in at any time.
- For the latest traded-in value of the discount, please ask in-store.
- For information on all selected Dyson lines available with trade-in and availability on all lines please go in-store or check online at [Argos.co.uk](http://Argos.co.uk).
- We will only accept trade-in vacuums from customers who are dealing with us as a consumer and if we suspect that you are operating on a commercial basis we will decline to trade with you.
- We reserve the right to refuse to accept multiple copies of the same vacuum or stock believed to have been sourced through a trade buyer.
- The discount must be spent within the same transaction as the trade-in on the day.
